

INSIDE HOUSING

Features list 2012

This is a list of *Inside Housing's* forthcoming special issues and standalone supplements. The bullet points offer a flavour of the kind of topics we might cover in each issue or supplement. They do not indicate specific features.

We welcome ideas for what we should be covering in our specials and supplements, as well as potential interviewees and case studies. Please send these at least two months ahead of the publication date to: **lydia.stockdale@insidehousing.co.uk**

Due to the volume of interest we are unable to respond to each email individually.

Sustainable Housing is a quarterly magazine covering:

- Sustainable construction and development
- Environmental design
- Energy efficiency
- Water conservation
- Waste and recycling
- Communities
- Green finance
- Environmental policy (UK and EU)
